

## Purple Day School Announcement

---

Good Morning!

Purple Day for epilepsy awareness is on Friday, March 26<sup>th</sup>. It started two years ago when a nine-year-old girl named Cassidy Megan wanted people to know that if you have epilepsy, you aren't alone. She also wanted people to know that there are many different kinds of seizures.

One in a hundred people has epilepsy. Most likely even students in our school! But having a medical condition isn't easy. Luckily, Purple Day has now become an international event and getting involved is easy.

**On March 26<sup>th</sup>, wear purple and spread awareness about epilepsy. And get your friends and family involved too. To learn more, visit [www.purpleday.org](http://www.purpleday.org).**
